

Villa El Salvador, 23 March 2007

In the name of the team of SOLYDES and of the people of UPIS Villa Mar and of the other communities with whom we hope to begin work, I want to thank you for your solidarity and above all the commitment that encourages us to continue believing in youth and with Poveda to say “Young people are the strength and the hope of the world”.

You as young people reaching out to others help us to believe:

That “there is strength in Unity”

That “one seagull alone doesn't make a summer”

*“that one humming bird taking and bringing water
in its beak can't put out a forest fire*

but “Yes, it plays its part”

Well...in short!!!

“Faith without deeds is a dead faith”

A THOUSAND THANKS FOR

ALL YOU ARE DOING FOR US.
